The Best part is kids go happily in the morning and in the evening they come back with the same energy, this is beacuse of the inviting & positive environment in the school. At playbox lots of hobbies are there in which students can participate , both my kids enjoy the school timings, earlier they were not able to speak in english and now both of them speak very good english at the age of 4, I am really satisfied with the modern yet value oriented learning at playbox.

DR. ANKITA AGARWAL
Anaesthesia Consultant, EHCC hospital

As a working mother, what I found best was how they have taken some parenting responsibility off our shoulders. I no longer have to be behind her for small things, she has become independent, has developed confidence , good communication skills, habits and mannerism. Another feature of playbox is the beautiful Bonding shared between the teacher and the child , that its literally the second home for our children. Thank you Playbox for taking care of the overall development of our children.

PLAYBOX ADVANTAGE

- A complete grooming Pre school (9:30 AM - 4:30 PM) & Day scholar (9:30 AM- 2 PM)
- A mini wonderland- Vastu friendly infrastructure designed specially for children

CAMBRIDGE COURT WORLD SCHOOL

DAY GROOMING • DAY SCHOLAR

25+ YEARS OF EXPERIENCE

24900+ PARENTS CATERED TO

WHY PLAYBOX PRESCHOOL?

The beautiful amalgamation of academics, play, activities , skills and emotional & cultural intelligence at pre-school level itself is something you cannot find anywhere else in the city .

One of the few preschools with big open play area.

Huge open area for children to play and explore , and an indoor spacious soft play area and soft gym keeping the young ones & their growth in mind.

We take care of your parenting needs

Since most of the grooming, learning and homework is done in school , we leave our super parents to spend only quality time with the kids.

Hobby classes - a part of school lifestyle

Skill development through various hobbies is done right from the foundational age in playbox making these kids ahead of others.

We create confident, disciplined, respectful super kids

Our lil cambridgians are groomed to become confident & fluent kids through various opportunities provided in the school. Their true potential is tapped and unlocked right here.

We teach them elegance, values & manners and help them communicate their best

We focus on building a child's character as they are the seeds of the future generation and right values taught at the right age goes a long way.

Exclusive coding classes for Pre primary children

We have introduced the basics of coding for our tiny tots and teach them logic through hands on play and adventure - this teaches them critical thinking and decision making from young age.

OUR SUPERMOMS
